What would have made the Ideas day better?	Total

A microphone and PA. At times difficult to hear; too much background noise. Better advertising of event.	1
More cake!	1
More publicity, eg library	1
Occasionally a little difficult to hear speakers. A mic would have been helpful. Perhaps also encouraging younger people with kids (bringing kids too) as they may enforce that 'sustainable' message.	1
Presentations in a different room, or day. Extended so people could drop in, it felt a bit formal.	1
Sorry we were late!	1

What topics would you like to see covered at future events?	Total

I'm interested in the issues around Cupar North, particularly employment/travel.	1
No car zone	1
Proposals for a strategy for sustainable local employment.	1
Vegetable growing included in Fruit & Blossom. Night life in Cupar! Needs a bit of work. : )	1

Came in to drop off cakes. Member of FAB, so stayed to support the day.	1
Enjoyable afternoon - sorry we were so late!	1
Excellent event - well done to all involved.	1
Very glad Cupar has a group like this. Exciting to think of what Cupar could be in the future.	1
